## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Clarksville in the County of Coos in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Clarksville on Tuesday, the 8th day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To bring in your ballots for the election of delegates at large, alternate delegates at large, delegate and alternate delegates to the National Convention of the various political parties to be held to nominate party candidates for President and Vice-President of the United States.
4. To see if the town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the town.
5. To see if the town will vote to authorize the Selectmen to hire such sums of money as may be necessary to defray Town charges in anticipation of taxes.
6. To see if the town will vote to raise \$150.00 to paint the trim on the Town Hall.
7. To see if the town will vote to raise \$300.00 to buy chairs for the Town Hall.
8. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 16th day of February, in the year of our Lord nineteen hundred and sixty.

FONROE CHAPPELL

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of  
Clarksville qualified to vote in district affairs:

\*You are hereby notified to meet at the Town Hall in said district on the 8th day of March, 1960, at 2:00 o'clock in the afternoon to act upon the following subjects:

1. To bring in your ballots for the election of School District Officers to be elected by ballot for the School District of Clarksville for the ensuing year(s).

2. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the district.

3. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.

4. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenues and the appropriation, which balance is to be raised by taxes by the town.

5. To see what sum of money the district will vote to raise and appropriate to put siding on the outside of the Clarksville School Building.

6. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

7. To transact any other business that may legally come before this meeting.

Given under our hands at said Clarksville this 4th day of February, 1960.

GLADYS V. RICKER, Chm.  
ELEANOR R. BROOKS  
EVELYN A. McKINNON

# Superintendent's Report

---

To the School Board and Citizens of the Clarksville School District:

## Foreword

In all probability, the past year has witnessed more being attempted by our schools than has ever been done before during a like period, to more nearly measure up to what has been so voluminously said and written about what they should be doing. Yesterday's concern about the overlooked upper quarter, who and how many are doing what in what way in Mathematics, Science and Foreign Languages, and where and how do we get there in Guidance, is today being rapidly converted from the expressed to the action stage. This transition is taking place at all levels, national, state, and local with the last one presenting the initial performance in many instances. Here in our own state, ways of challenging marked ability, the use of the more effective conversational approach in the teaching of Foreign Languages enhanced by the use of electronic devices, daily broadcasts of educational television programs in a number of subject areas, for both elementary and high school, and much stepped-up guidance programs are already being capitalized upon in a rapidly increasing number of schools. Matching funds made available through the National Defense Act for the purchase of materials and equipment in certain subject areas at all grade levels have contributed not a little in stimulating the action which has taken and is taking place.

It is significant that with the adoption and putting into practice of these new ways of presenting subject matter, and the utilization of the additional assistance that only a greater understanding of the scientific potential about us provides, our basic philosophy still remains the same. Although quality is receiving more attention, quantity has not been neglected. The recognition of the needs to educate everyone up to the level of his ability is still compatible with the demand for the best at all levels in education. For, in so far as has yet been determined, ability is not the sole ingredient in superior performances. The indications are that motivation and character must also be present in this product if anything of lasting value is to result.

## Teachers

The district is extremely fortunate, with the teacher supply

continuing to be short, to have our veteran teachers return to work with us again this year. Mrs. Gladys M. Brackett teaches Grades 5-8 and Mrs. Alma B. Chappell teaches Grades 1-4.

### **School Nurse — Health**

As has been pointed out many times previously, the health services rendered year after year by Mrs. Ethel S. Sturgis, school nurse, to help pupils more effectively maintain that state of good health essential to a happy and successful over-all school life, bespeaks the magnitude and importance of the work done. Clinics, immunizations, physical examinations, frequent check-ups on height, weight, hearing, and eyesight, and continuous supervision of the general health are included in the comprehensive program conducted.

As much as these services contribute to what is accomplished healthwise in our schools, however, one of the vital importance—dental care—urgently needs to be included. A dental clinic would provide an extremely valuable addition.

### **Building — Equipment**

With the continued policy of keeping the equipment, building and grounds in a good state of maintenance, such miscellaneous repair work as has been necessary to do during the past year has been minor in nature. A drain was laid from the basement on the boys' side to the highway ditch to prevent further flooding in that area after a spring thaw or heavy rain. Equipment items purchased have been confined to those customarily obtained for instructional purposes.

The outside of the building, however, has reached the stage, after several years of weathering, that attention is needed both from the standpoint of appearance and preservation. As will be noted, a special article has been included in the warrant to consider the advisability of adding a siding, which would accomplish the threefold purpose of improving the attractiveness, preserving the shingles with which it is now covered, and providing additional insulation.

### **Enrollment and Attendance**

Again this year for the sixth consecutive year the number of pupils enrolled in our school has increased, as there are now 42 as compared to 40, 39, 33, 26, and 25 respectively, for each of the preceding years. The average percentage of attendance during the past year was 95.87 for Grades 1-4, and 92.43 for Grades 5-8, while for the same groups taken in the same order the average number of tardiness per pupil was .08 and .50.

Like the number of pupils attending school inside the district, the number attending outside is also the largest it has been for six years as there are 13 in comparison to 9, 11, 9, 9, and 9 respectively, for each of the preceding years. Of the present number of tuition pupils 9 are at Pittsburg High School, 2 at Pittsburg Elementary School, 2 at Colebrook Academy, and 1 at Canaan High School, Canaan, Vermont. The cost of the tuition of the elementary pupils is paid by the parents.

#### Notes on the Budget

The School Board's budget for 1960-61 is \$18,328.00 as compared to \$16,578.00 for the current year. This amount is decreased by anticipated state aid of \$3,000.00 which leaves \$15,328.00 to be raised by taxes by the town. Examination of the breakdown printed on subsequent pages of this report will show that, for the most part, provision for salary increases, higher tuition rates, and greater transportation costs, explain the increase in the budget.

#### Conclusion

May I again express my thanks to the members of the School Board, parents, teachers, and citizens, for all the help and cooperation received as we have worked together in an effort to provide good schools. It is only with the assistance of you all that high standards can be achieved and maintained.

Respectfully submitted,

ERNEST B. DANA

Superintendent of Schools
